

Reverse Osmosis

is the latest technology to remove all excess total dissolved solids, chemicals in water up to 95%. It removes Bacteria and Virus to a level of 99%+. It restores the Original taste and Quality of water. Other purification Methods have no effect on TDS level of water. The water coming out of the system is pure, clean, safe, odour free, sparkling fresh, refreshing healthier & most of all great tasting water for diets, baby formula, coffee, tea, hard drinks, refreshments, drinking water, ice cubes, cooking, washing vegetables, aquariums, pets and lots of other applications.

How Does It Work?

The 1st cartridge this filter is designed for purity, Corrosion and chemical resistance, available in 5 micron. This filter Remove of sand, Silt, Dirt and rust particles.

The 2nd cartridge Granular activated carbon, to absorb taste and odor of organic compounds including Chlorine and Benzene.

The 3rd cartridge 1 micron sediment filter, to pre-filter sediments and coarse materials and protect the special membrane & controllers.

The 4th cartridge The Precision density (0.0001 micron) membrane which only allows water molecules to pass through, removes all impurities in water that are harmful to human health, such as heat atom, virus, heavy metal compounds and irons. The high precision filtration process ensures only impurities are removed while retaining the Oxygen content essential for good health.

The 5th cartridge Granular activated carbon post-filter, to bring the stored water to a delicate taste.

Benefits of R.O. Water

- Avoid diseases borne by contaminated water
- Enhances Beauty
- Hazard free infant food and drinking
- To keep good health & fitness
- Cut down on cooking time and cost
- Improve taste of Nutrition
- Clear sparkling cubes to enhance the refreshing
- Taste of beverages

Specifications

Output: 12/25/50/250/500/1000 lts/h*

Max.Feed Water TDS:

(TW) 1500 ppm

(BW) 2000 ppm

Recovery of water : 20%

Voltage : 220 V

Transformer (in built) : 24/48 Watts

Booster Pump (in built) : 24/48 Watts

*Capacity may vary depending on TDS/Hardness of feed water
